La verità dell'eucaristia nella stagione della pandemia globale. Attualità di una riflessione medievale

Pasquale Giustiniani

Abstract: Through the analysis of the Eucharistic theme developed by Guitmondo, which also are presented theological profile and historical-philosophical context, the elements for the consideration of its relevance are traced also with regard to the pandemic issue

Keywords: Guitmondo; Eucharist; Reform.

Un viaggio spazio-temporale con la Gravitazione: passato e presente di una forza sconosciuta

Fabio Ragosta

Abstract: In this article we want to tackle a theme halfway between the historical and the scientific, we propose a reading on the evolution of the concept of gravity, which has been and still is, in large part, one of the greatest mysteries of physics. From the great thinkers, such as Aristotle, Archimedes, Plato and many others, passing through Giordano Bruno, Galileo Galilei and Newton, up to Einstein, we tried to define the nature of this force and between discoveries and re-discoveries we are, today, able to partially characterize the origin and action of this experience.

Keywords: Gravitation; History of Physics; Astronomy.

Il Volo e un Pizzico di Storia

Giuseppe Pezzella

Abstract: The text starts from the analysis of the so-called aerodynamic lift, then going on to discuss in detail the physical reasons behind the lift and to formulate a possible mathematical description to explain the reasons that determine this force. Finally, it also presents a brief history of flight.

Keywords: Flight; Aerodynamic lift; Aeronautics.

Territorio ed ecologia

Maria Cinquegrana

Abstract: The text, starting from the profound reflections on integral ecology of Pope Francis, traces the elements of continuity with the papal Magisterium

of John Paul II, thus bringing out a continuity of attention to the relationship between man and Nature in the thought of the Church.

Keywords: Environment; Ecology; Territory.

Il principio di irretroattività della legge penale: il caso del processo di Norimberga

Anna Mele

Abstract: Through the analysis of the institution of the Nuremberg Tribunal, the debate on the suspension of the principle “*nulla poena, nulla crimen, sine lege praevia*” is reconstructed, thus addressing the crucial moment of post bellum justice.

Keywords: Non-retroactivity; Justice; Evil.

La controversa cronologia della fondazione del complesso aversano di San Luigi IX di Francia

Paola Improda

Abstract: The text aims to investigate the settlement of the Dominicans in Aversa and in particular the intricate chronology of the Complex of St. Louis IX of France in Aversa.

Keywords: Dominicans; St. Louis IX of France; Dominican complexes.

«Come uno che è senza legge». Il concetto di anomia nell'epistolario paolino

Antonio Natale

Abstract: The text aims to analyze the concept of *anomia* in the Pauline correspondence, in the light of the messianic and theological-political dimension.

Keywords: Paolo; Anomy; Political theology.
